**WHERE DO WE GO NOW?**
(NOW THAT SFD IS GONE)

- Archit
- Sambhav

- PyData provides a forum for the international community of users and developers of data analysis tools to share ideas and learn from each other.
- PyData communities approach data science using many languages, including (but not limited to) Python, Julia, and R.

- GDG Chandigarh
  - So it's a group of developers who basically meet and organise events and meetups

- It's a all day conference just like SFD here.

- PyCon India is the annual gathering of Pythonistas, run by the Indian Python community, to foster adoption of the Python programming language.

- PyCon India is actually 3 events rolled into one mega event:
  - Conference Day
  - Workshop Day
  - Developer Sprints

- I/O brings together developers around the globe for talks, hands on learning and google's latest development.
- I/O in California a glimpse

GirlScript India Summit

- It started under Mozilla Open Leaders Program to help beginners in technology and programming.
- GirlScript is open for all community, although it supports diversity and wants to bring equality in tech, therefore, reserves 50% of seats for under-represented groups including women, LGBTQ etc.

- HasGeek is a tech company and a discussion platform which organises events like JS Foo, DevOps and many more.
- India's first JS conference
  - Framework like Vue, tools etc
  - Architecture of web apps
  - State Management
